

## Over 100 turn out for First Annual Valentine's Day Fundraiser

February 14th, 2012 marked a special day for Senior Resource Services, a 501(c) 3 non-profit organization in Greeley who held the first annual Valentine's Day Event, "An Evening of Music and Roses". This event was made possible in part thank you to the event sponsors. Many generous businesses contributed to the evening which included a silent auction, cocktails, dinner and dancing. Senior Resource Services has grown over the last five years and held the event to raise both funds and awareness for the organization and the services that it provides to the community. Guests enjoyed dancing the night away to the sounds of Frank Sinatra live as performed by Denver favorite, Derek Evilsizor. St. Michaels' Room with a View was the perfect backdrop for the night which drew over 110 attendees from all over Northern Colorado. 'Frank Sinatra' will be joining us again next year for the event on February 14th, 2013.

## SRS Gets a New Look

As many of you know, we are growing; and with that growth has come new staff members, new events and now, a new look. We are currently in the process of updating all of our print material and have updated our transportation request process as well. You will notice a new design beginning with this newsletter, our brochures, and packets among other things. Senior Resource Services had also made the switch to using an online calendar system which will now allow all of our staff members to view the transportation request schedule from their computers. Please be patient with us as we make these updates, and enjoy the new look!

## Process Reminders

**Senior Clients**—If you need to make several stops during your requested trip, please let the office know that when you schedule your request. This way the volunteer will reserve the amount of time needed to provide the transportation. As Senior Resource Services continues to grow at an amazing rate, it is very beneficial to the Volunteer Coordinators if the Seniors can give us 5 days notice before the needed day of transportation to match them with a volunteer.

**Volunteers**—If you are transporting Seniors, please call your client a day or two before the scheduled time. This allows you an opportunity to introduce yourself, tell the client what color vehicle you are driving and arrange what time the Senior needs to be picked up. Usually when the office takes the client's request we take the appointment time and the volunteer and client can arrange the pick up time.

## Coming Soon: Soup in a Sack

Chris Heim has initiated the second annual Soup in a Sack Project. The Soup in a Sack program will consist of a variety of canned soups, canned fruit, peanut butter, tuna, popcorn, etc. to those seniors in need of support. These filled sacks will be delivered to those in need by volunteers from throughout the community. In the recent weeks Chris has been working diligently with students and volunteers from UNC and AIMS as well as local establishments in Weld County to help support this cause. To ensure that we can help provide as many seniors as possible, we are asking our volunteers to contribute to this cause by donating any canned good or packaged items that will assist in filling the sacks. If you are interested in contributing to this cause you can drop an item off at our office throughout the month of March and early April.
